Almorcé bien porque comí dos huevos duros con patatas fritas y habas.

Me gustan las habas pero están secas. No me gustan las habas secos porque no tienen vida.

Suiza está enferma porque está toda en montañas. En Suiza la gente está seca porque no hay vida en ellos.

Tengo una criada seca porque ella siente. Ella piensa mucho porque se secó en el otro lugar donde sirvió. No me gusta Zurich, es una ciudad seca. Hay muchas fábricas y hombres de negocios.. No me gustan los hombres secos, por eso no me gustan los hombres de negocios.
